Headlines:

1. First of three immigration law articles by Fredrick W. Voigtmann published in the Beverly Hills Times magazine.

Fred Voigtmann will be a contributor to "The Law" section of the popular Beverly Hills Times magazine for the months of October, November, and December 2010. Voigtmann will author a three-part series on "Immigration: Political and Social Firestorm."

The first article contains an overview of the "good, the bad, and the ugly" of various green card categories. Voigtmann will tackle common misconceptions about immigrants and foreign workers in the second part of his series, and he will complete the series in December with an article about opportunities for foreign investors and businesses that will create jobs in a tough U.S. economy. Remember that whenever there is a crisis, there is also an opportunity.

You can read Fred's articles, to be posted soon, on the Beverly Hills Times website: www.bhtmag.com or by picking up a print edition in the City of Beverly Hills. The October edition is already out this week. The articles also will be posted on the www.igvlaw.com newly-launched website soon. See below for more details!
